

2025 Crystal Ball Cup

Format

You will be presented with a series of hypothetical events. For each event, you will have one minute to submit a probability $p \in [0, 1]$ that the event occurs before the end of 2025.

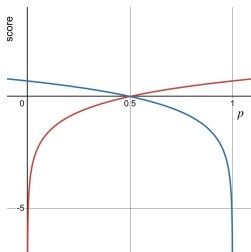

No discussion is allowed except for clarifying questions.

You may not consult external resources. You may not collude with each other to affect the outcome of any event before 2026-01-01.

Scoring

On 2026-01-01, I will compute your score to be the mean of your scores across all events. Your score on one event with submitted probability p is defined as:

$$\text{score}(p) = \begin{cases} \ln p - \ln 0.5 & \text{if the event occurred} \\ \ln(1 - p) - \ln 0.5 & \text{otherwise} \end{cases}$$

Retrospective

On some day early next year we will reconvene to evaluate our 2025 predictions and make predictions for 2026.

Spend ten minutes discussing rewards and punishments.

Form

Events

1. Nintendo announces a new Super Smash Bros. game

Nintendo announces a new Super Smash Bros. game on or before 2025-12-31.

2. Zohran Mamdani wins the NYC mayoral election
